To whom it may concern,

We are pleased to authorise fundraising on behalf of Medical Aid for Palestinians (MAP) by 'Gig for Gaza' on the 7th of September at Chichester Cattle Market.

Medical Aid for Palestinians works for the health and dignity of Palestinians living under occupation and as refugees. With bases in London, Lebanon, the West Bank, Gaza City and more recently Cairo, MAP responds rapidly on the ground in times of crisis and works directly with communities on long-term health developments.

The past 22 months have been some of the most challenging for Palestinians and access to essential healthcare has never been so important. Our fundraising efforts are critical, helping us to provide badly needed support in Gaza, and across the occupied Palestinian territory. We continue to operate at our medical points and our medical polyclinic, supplying life-saving medical aid to Palestinians. MAP is an independent, non-political, non-sectarian international humanitarian organisation.

Kind Regards,
